LETTER FROM THE COUNCIL CHAIRPERSON

Welcome, everyone to the 86th annual Student Speakers Contest hosted by Multiple District 4 Lions of California. On behalf of the Council of Governors 2022-2023, we are pleased to announce this year's challenging Student Speaker Contest topic, "Social Media: Connects us or Isolates Us?"

The Student Speakers Contest is open to all California High School students. We strive to select a topic that would be of interest to the American people. Competitive public speaking is a great opportunity to reach outside of one's comfort zone and it will sharpen the student's skills in critical thinking, personal development, boost confidence and increase their social connections. I am always amazed at the thoughtfulness of the students as they present their ideas on issues that affect us all.

I would like to congratulate all the students who are participating in this year's contest. The Student Speakers Foundation has the potential to award scholarships amounting to thousands of dollars.

Thanks go to the many Lions Club volunteers who support this program and to the high school teachers and debate coaches who assist in preparing the students. This is just one of the ways that Lions partnership with the community in supporting opportunities for the future leaders of our country.

Best wishes to all participants. May this experience be positive and enriching. We look forward to a great in-person 2022-2023 Student Speakers Contest.

The duties of the Tellers are to collect the Timers' worksheets and average time scores; collect the judges' worksheets making sure the sheets are signed and no two final scores for a contestant are the same; and check the worksheets for accuracy. Tellers MUST be secluded while tallying the student speakers' scores.**
2. In all competitions a penalty of 2% for each judge's score shall be imposed for each minute or fraction thereof by which the speaker's talk is less than 5 minutes or more than 10 minutes. After deducting any penalties on timing, the Tellers shall designate the places earned by the various speakers on each judge's Worksheet, such as 1st, 2nd, 3rd, etc., using an OFFICIAL TELLER'S WORKSHEET.
3. When this has been done, the Tellers will add the total number of first places for each speaker, and the one who had earned the majority of first places shall be declared the winner.
4. If no speaker has a majority (over one-half) of the first places, the Tellers will then total the places earned and the contestant with the lowest total of places earned will be declared as the winner.
5. In the event they are tied with the same total of places earned, the tie shall be settled by adding the scores of the tied speakers, and the one with the highest total of such scores, after deducting time penalties, shall be declared the winner of the contest.
6. In the event they also tied with the same percentage scores, the tie shall be settled by using the Timers worksheet and awarding the contest to the speaker who comes closest to, without going over, the maximum ten-minute limit. That person shall therefore be declared the winner of the contest.

7. The contest Chairperson shall review and verify the Teller's worksheets before announcing the results.
8. **Under no circumstances should anyone but the winner be announced. All students not winning should always be considered finalists.**

CERTIFICATES

1. One type of certificate will be used for presentation to judges and contestants at all levels.
2. It is recommended that certificates be typed or professionally printed and placed in presentation folders in advance of the contest. Certificates and templates can be electronically acquired through the MD4 website. After judging has been completed indicate the level of the contest and "Winner" or "Finalist" on the line in the lower right hand corner of the contestant's certificate.
3. Twelve (12) certificates are included in all Club packets. If additional certificates are required, please call the MD4 Office or download from the website. ALWAYS USE THE OFFICIAL CERTIFICATE.

AFTER THE CONTEST (CHECK WHEN COMPLETED)

- ___ 1. Make sure the Teller's Worksheet is completed in its entirety including the name of your Club, Zone, Region, District or Area, whichever is appropriate.
- ___ 2. Send the Teller's Worksheet, Judge's Worksheets and contest Winner's Notification form along with any unused printed material to the Chairperson of the next level contest.
- ___ 3. Zone, Region, District and Area Chairs upon receipt of the above material send a copy of the form letter of congratulations to the contest winner.
- ___ 4. At least two weeks before the prior level contest send the original form letter of congratulations to your prior level chair. In the letter give the date, time, place and reservation requirements. Example: A Club contest is scheduled for February 18. The Zone Chair sends the form letter to that Club Chair by February 4 to be given to the winner of that contest.
- ___ 5. The scores given by the judges for an INDIVIDUAL STUDENT may be given to that student or the student's speech coach. Do not identify the judges or disclose the scores of the other students.
- ___ 6. The Club Chairperson shall present the Student Speakers handbook to the winner at the conclusion of the Club Contest.

THE FOURTH DISTRICT STUDENT SPEAKERS FOUNDATION, INC.

HISTORY

BY PAST INTERNATIONAL DIRECTOR DWIGHT STANFORD

When District 4 was split up into five Sub-Districts in 1937, Fred Smith (later International President) became the first District Governor of District 4-C. His District ran from Stockton down to the southern end of the San Joaquin Valley and included the coast Area from Paso Robles through Oxnard. He realized that the Clubs in his new District had nothing more in common than they did with the Club in San Francisco or San Diego. He expressed his thought to the other officers in his District and asked for suggestions. One of his Deputy District Governors, Frank Colston, superintendant of schools in Oxnard, suggested a student speaker contest for high school students in the District. The idea was approved as something that would give all the Clubs in the District something in common and hopefully, would bring them closer together as a unit. From that we are told, the contest was a great success.

The following year, James Hodges, District Governor from Covina, proposed to the Council of Governors that Fred's speech contest become a project for all of District Four. The proposal was adopted and the contest has been one of our District's principal projects ever since. During the past sixty years, many groups and Clubs have followed our lead by engaging in joint service activities. It is one of the stars in our MD4 crown.

In the beginning the Student Speaker Foundation was organized by Don Snyder, District Governor of 4-A3, 1958-59 who first asked PIP Fred Smith and then International Director Dwight Stanford to join him as the organizers and first directors of the Foundation. Don did all the work getting IRS and California taxing authorities approval. He is now a lifetime, honorary director of the Foundation, as is Dwight Stanford.

The Foundation's first cash came from the profits of the Lions Goods Store at the MD4 convention. District Governor Al Mendel of Apple Valley, 1961-62, ran the store and suggested the gift. The first few years of the Foundation were a bit thorny. It was hard for the organization to collect money when it had very little prestige. Gradually the situation changed and the Foundation began to supplement the prizes which heretofore had been paid for entirely out of the MD4 budget. Foundation funds come entirely from voluntary donations and income from the accumulated assets.

Past International President Fred Smith was the first President of the Foundation, followed by Past International Directors Dwight Stanford and Robert E. Anderson. Past District Governors Seeley J. Kondris, George "Jake" Jacobssen served between 1994 and 2002, Gordon Wellman served between 2002 and 2005, PDG Al Ohrmund served between 2005-2012, PDG Ken Sherwood served between 2012-2015, PCC William Dunlevy served 2015-2016 and the current president is PDG Chris Ohrmund.

For the 2022-2023 Contest, the Foundation will provide all of the prizes above the Region level, as it has done now for many years. Each of the 15 District winners will receive a \$4,500 scholarship. The four Area winners will each receive an additional \$6,500 and the final MD4 winner another \$10,000. For the latter, the total accumulated scholarships will be \$21,000 and the other three Area winners will have \$11,000 each. Total scholarships awarded in the Contest amount to \$103,500; all from the Foundation.

STATEMENTS FROM THE 2020-2021 STUDENT SPEAKER MD4 FINAL CONTEST

MD4 CONTEST WINNER

Alex Widman — Area 3

I write this as a guiding quote to all of those competing in the MD4 Student Speaker Contest. "If at first, you don't succeed, try, try and try again." (Robert the Bruce, 1314) It took four years of writing, revising, winning, and losing to get beyond the District round. Even then, I felt fortunate to make it beyond the Club contest. Never in a million years, did I think I could make the final round, let alone win. Although winning was a plus, I would say that learning to be confident in my ability as a speaker and an individual, would be my greatest takeaway. If someone from the middle of nowhere, can do it, I have faith that you can too. If not at first, "try, try and try again."

As the co-captain of my Speech and Debate Team, I have competed and won many awards at tournaments throughout my high school career. I was even the California State Champion in Humorous Interpretation. Aside from Speech and Debate, all things math and science-related are of interest to me. For college, I intend to get a degree in Electrical Engineering and Computer Science from UC Berkeley, and one day help bring opportunities of the STEM field to students of low income. In my opinion, education and experience are key.

I would first like to thank the Multiple District Four California Lions for giving students a platform to speak out on such important topics. More than that, the scholarships that are attached to the speak-off are enough to change one's life. You have given me peace of mind when it comes to paying off my general education classes. This gives me time to work and save up money to pay for my major-specific courses. A thank you has to go out to my sponsoring club, the Cutler-Orosi Lions. They have stuck beside me during the four years of competition. Win or lose, they were still there to cheer me on. I would also like to thank my speech coach Karson Kalashian. He is probably one of the most sincerely aggravating people on planet Earth. However, without him, I would not be the person I am today. He drove his wife and two daughters from Sanger California to Reno just to watch me give my last in-person speech in High School. If he does not deserve a thank you, I don't know who does. Lastly, I would like to thank my parents, Chad Widman and Linda Duran. They are the pillars that hold up my foundation. When times are rough, they are there to comfort me, but more importantly, they have always pushed me to be the best me I can be. Thank you, Mom and Dad, I love you.

Growing up in a low-income, minority community, I understand the importance of education. In my opinion, it is one of the most important things necessary to escape poverty. When the constant of school was stripped away from children, impoverished or affluent, it was clear that there were negative effects across the board. Grades dropped, motivation to push on nearly disappeared, and worst of all suicides among youth were on the rise. We as students needed to make our voices heard. If not for ourselves, then for our classmates that the education system let down.

There may not be a singular solution to providing equal education to all students during moments of national turmoil, but after COVID-19, it is clear that in-person schooling is necessary. Now that we understand how important in-person education is, we can do our part to ensure that it is never taken away again. We can do this by speaking out on behalf of our students. I have now become a Lions member to give back to my community and to speak up for those who can't. "If at first, I don't succeed, I will try, try and try again."

MD4 CONTEST FINALIST

Cassandra Gorman — Area 1

It started with an unassuming dentist appointment in my sophomore year of high school. This appointment caused me to be slightly late to school, and as I ran up to the front office, I was met with a large poster on the office door. I didn't necessarily want to go to my second period class, so I stalled and read the poster, a large advertisement for the Lions Student Speaker Contest. I had never competed in anything like this before, but I decided to give it a shot. That one decision changed my direction in life, as the Student Speakers Contest has given me greater confidence, skill, and developed a love for public speaking. That year, I made it through the first three rounds, and I became hooked on public speaking and the feeling of researching, writing, and delivering my own speech and competing against incredibly talented students.

This year, with all the chaos surrounding the persisting consequences of the COVID-19 pandemic, I wasn't even sure if the Lions club would be holding the competition in a similar format, but I was pleasantly surprised to find that the club level would be held live and in-person! Not only that, but the topic this year was something I was incredibly familiar with: Distance learning. I got to work, researching and writing my speech about the pros and the cons of distance learning. After each round, I reached far outside my comfort zone, constantly working and improving on my speech, each time becoming more proud of myself and surprised with my own growth,

as this competition has allowed me to reach to levels I never thought possible, instilling a newfound sense of confidence in myself. The support and encouragement I have received from the Lions clubs from all around California is truly indescribable, and this experience will impact me for years to come. Not only have I found a love for public speaking, I have also developed a stronger work ethic and found a family of Lions. This contest has affected me tremendously, and I owe so much to my local Lion club as well as every Lion in California who has made this contest possible. I once again thank every Lion for supporting thousands of students like me.

MD4 CONTEST FINALIST

Hailey Pacely — Area 2

As a freshman in high school, my speech teacher at the high school encouraged all of the students to participate in the Lion's Club Student Speaker Contest. My freshman year I felt too busy and intimidated to participate. The speech team at my high school was disbanded at the beginning of my sophomore year, so I no longer had high school competitions to participate in. The Lion's Club contest came around again, and I saw an opportunity to participate in something I had an immense passion for: speech. I won the first and second round of competition only for it to be cancelled due to Covid.

Finally, my junior year the contest came around again. I'll tell you a secret, I wrote my speech two days before the first competition. I still won! Then I memorized my speech the day of the next competition, won again, and again, until I reached the final competition. This contest truly changed my life this year. It was a very rough time for me, and this contest gave me an opportunity to feel like I was doing something positive. I met so many incredible people, and I am immensely thankful for the opportunity to compete and speak on an issue that is so relatable for me and millions of other students across the world. I'm so thankful for this contest, as it gives students a voice, the opportunity to learn more about service and leadership, and the opportunity to earn scholarships to help with college fees that many of us may not have been able to pay at all. Looking back on my experience, I've learned so much from participating in the contest.

In school, I'm the captain of the volleyball team and the wrestling team, and I also play softball. I'm the President of Chowchilla's Associated Student Body, as well as President for the Class of 2022. I'm also a member of our FFA chapter and STEM club. Outside of that, I'm passionate about supporting first responders and have

my own small non profit to do just that.

Thank you to my sponsoring club, the Chowchilla Lions, especially President Tim Coelho for all of the support! Also to the Madera Evening Lions, especially the Grants, for supporting me as well. Thank you Mary Manning for all of the hard work you put into this contest! Thank you to all of the Lions for the generosity and dedication you show to fund this competition. Finally, thank you to my mom for supporting me at every level of this competition. I hope to see you all for my senior year!

MD4 CONTEST FINALIST

Nieves D'Souza — Area 4

I entered the 2020-2021 school year as the President of the Speech and Debate club at my high school. With limited funding and opportunities to compete, I was tasked with the challenge of finding competitions for us to develop skills in articulation, logic, and reasoning. Through the Lions Club Student Speaker Contest, an incredible opportunity fell into my lap - the chance for our club to compete and put our hard work to the test. My journey started with a speech at the city level; I applied social theories from my psychology class and current research to the topic, not realizing that the contest continued even further. As the rounds progressed, I fine-tuned my speech and developed my speaking style. The topic itself ("The Pros and Cons of Online and Distance Learning") was relevant and challenged me to compare my personal experience with the communal experience of other students, integrating research with real life. I learned about how online and distance learning hurt students, empathizing with the experiences of other students, but also how it benefited students, recognizing benefits within my own experience. In circumstances that seemed to overlook the impact on students, the Lions Club provided an environment where I could advocate for my fellow students.

My journey through the Lions Club Student Speaker Contest was filled with adventure, learning, and a little chaos - from competing in a round while recovering from a minor concussion to traveling to Reno, Nevada for the final round, the experience was memorable! I am truly thankful for the support from my family and school which was a source of encouragement. Furthermore, I am grateful to the Lions Club for creating an environment that challenges students to evaluate issues that affect our world today and for all their support, especially the Lions Club of Temecula who cheered me on throughout the contest.

WHO ARE THE LIONS?

Lions are men and women who volunteer their time to humanitarian causes in their local and world communities. By conducting service projects and raising funds, Lions strive to help those in need, wherever the need exists. The Lion's motto is "We Serve".

The International Organization of Lions Clubs was founded in Chicago, Illinois in 1917. It is the world's largest service club organization with 1.4+ million members in 219 countries and geographic areas.

WHAT DO LIONS DO?

The Lions of California, known as MD4 (Multiple District Four), do many wonderful projects including:

- Provide services to the blind and visually impaired in their local communities and through Lions foundations.
- Support youth programs such as Lions Quest, a substance abuse prevention program; youth exchange programs where students travel to foreign countries; and high school Leo clubs who participate in service activities, literacy and culture projects.
- Sponsor a student speakers contest which provides \$103,500 in scholarships to high school students for higher education.
