## District Governor Ray Rosenthal Message

My Fellow Lions,

This has been another very exciting and busy month for all of us in 4-C4.

There 36 Lions from our District representing over 12 clubs went to the USA Canada Forum in Reno. It was so busy and so well taught. We had very few moments to catch up with each other when we were there. Each of us brought back CD's that I will use later in training sessions so that at least some of this can be shared with those who could not go. All of the sessions were very well prepared and very informative. You really learned something and it was taught in such a way you won't forget it when you leave. And we had lots of fun! Lions always find time to have fun. We also got to celebrate Lion Eve

Santos birthday while we were there.

We have had a wonderful and busy Leadership and conflict Resolution Special Training Session on September 18<sup>th</sup> with Lion Dana Biggs and Lion Bob Smith as our Special Instructors.

It gave all of us a great deal of

**DISTRICT GOVERNOR  
RAY ROSENTHAL**

information on how to lead, often by walking next to the ones you would lead, and how much you learn from those you would lead as long as you remember to listen. Listening to your people is the bottom line of leadership. We were also very fortunate to have a young man from the Foster City sponsored Hillsdale High School Leo's Club come to observe and learn what Lions do. He taught all of us in a short speech that he made which you will find later in this newsletter. We had over 50 Lions from about 21 clubs at this meeting. I think many people thought it would be a repeat of the first session. Only in the teaching of the special Secretary MMR and Contest MAR reports was it really that way.

I have been visiting many of the Clubs and I am always happy to greet my Lion brothers and sisters on your home territory. It gives me the opportunity to really get to know you better

and this I truly enjoy. This is why I try to come out with a small group or by myself, unless your club has requested that others attend at the same time. I want to meet and talk you and get to know you and what is important to your club. These are very special times for me.

I am very happy at the response that I have heard from the many Lions to the request by Redwood Shores for help with Save the Music benefit. I understand that when the request went out they had 80 volunteers and needed 200. Now they have gathered together another 100 volunteers, many of which are Lions and their friends and families, showing support for each other, working together and showing that WE SERVE is a real thing for every Lion in this district. I am so

## VICE DISTRICT GOVERNORS MESSAGE

By Lion Eugene Chan, VDG

Dear Lions and Friends;

We have all been very excited about our training programs that have been very educational and helpful for the District. The first one helped all of the club members to understand their particular place in the setting of a Lions Club structure, including the many duties required of each office. It was very enlightening to many officers. Then, as so many of you know by now, we had special sections on how a Treasurer does his or her job by Lion Richard Lee, the special training for Secretaries which included a great deal of information from Cabinet Secretary Tim Collins and Contest Commissioner Gail Wood, and even more. It was a very large turnout and we had a wonderful time.

The USA CANADA Forum was full of more educational and training opportunities than one normally gets a chance at for so little outlay of funds. Whether you were a President, Secretary or a new Lion, there was something that was not only of interest to you but was well presented and designed to hold your interest.

We had many Lions from our District there and it was refreshing to see them as we passed in the meeting spaces and even, occasionally, got the brief opportunity to speak.

The East Palo Alto Project is moving along nicely and there should be more to report to very soon. I am on my way out of town on a business trip and will be returning at the end of the month.

As you may know I am working on putting together the Worldwide Induction Program for the District for April 9th, 2005.

VICE DISTRICT GOVERNOR  
EUGENE CHAN

It will be a very nice event and help us all to re-dedicate ourselves to the growth of Lionism in our clubs and in our District.

Yours in Lionism,

*Lion Eugene Chan*

## HABITAT FOR HUMANITY REPORT

BY LION JIM BIGELOW

All Lions in 4-C4:

The Peninsula Habitat seven home developments are now underway on Third Avenue in Daly City. We appreciate the \$5,550 contributed by the Clubs of our District at the beginning of this project for the "Wheel Chair Accessible" five member Laquinadum Family townhome. This project began under PDG Jocelyn Mina and will be completed for home occupancy by the end of our current DG Ray Rosenthal Lion's year. Our donated funds have been used to help pay for the cement foundation. We had hoped to have other

non-profit service clubs in the Daly City area also contribute however the Lions carried the day.

The Laquinadum townhome needed an additional \$150,000 to complete the improvements above the foundation. We have been working with June LaBarre, Peninsula Habitat Corporate Gifts/Grants Officer on additional funding to complete the townhome. I am happy to report that the Mortgage Bankers Association is completing the funding for this project and will be the major house sponsor. Lions District 4-C4 and its participating Clubs will be Laquinadum Family Ambassadors and were responsible for getting this pro-

ject rolling. We look forward to participating on stage when the Habitat families receive the keys to the new townhome.

Now that the Daly City development is underway Lions Club members can now schedule to provide volunteer work hours at the building site. Again as a reminder you do not need to have trade skills and Habitat will provide supervision and have you work within your capabilities. Anyone in the construction trades are welcome to help. Don Varney at Peninsula Habitat is the contact for scheduling work

Share Success Through Service To Youth.

The service activities of Lions clubs are, indeed, far ranging: sight and hearing; the construction of workshops, hospitals and clinics; relief for victims of natural disasters.... All these and more are reasons why our emblem is so well respected as exemplifying the very finest in voluntary service. However, there is one area of involvement to which Lions worldwide contribute more hours and funding than any other, and that is in programs that address the needs of young people. It is an area in which Lions most assuredly Share Success Through Service to Youth and Children in Need.

knowing they have made a positive impact on life in their communities. Membership in a Leo club prepares them to be leaders, to recognize their responsibilities as citizens of their communities. This year, I am emphasizing the need for expanding the role of Leos by targeting a goal of a three percent increase in the number of Leo clubs worldwide.

Activities on behalf of youth are so vast and varied that every Lions club can grasp the opportunity to be involved. Does your club sponsor a

scout unit or are you involved in the Peace Poster Contest or the highly successful Lions-Quest life skills program? Have you every hosted or sponsored a student as part of International Exchange or sent a young person to one of the many Lions International Youth Camps? These and other activities in which Lions partner with young people cultivates in the leaders of tomorrow the assurance that their participation in the community is welcome and needed. They come to know how important it is to join with leaders in both the public and private sectors in improving services and helping to make their communities still better places in which to live. By being part of programs that cross borders, they learn the value of accepting the opinions and understand-

proud of every one of you. Thank you.

Now we are working on getting ready for the 2<sup>nd</sup> Cabinet Meeting, which is almost a small Convention, and this will be held in Carmel in November. The application is in the newsletter. Your President's will also have copies for you to fill out and return. Please do this as early as you can. We need head counts for food and rooms.

Now to a more serious matter, most of you know by now that Lion Millie Bishop, the President of Millbrae Lions has passed away. Please watch for the Memorial Service and the officers of the Clubs should try to attend; as much of the Cabinet will be there as possible. Lion Millie was a brave and courageous woman, she made history as the first woman President of the Club, and she was a standing Club President. Remember that the Lions of Millbrae will appreciate your support as well.

Keep up the great work, my Lions,

## SO YOU WANT TO BE IN THE LION MAGAZINE?

There are some very basic steps to getting an article in the Lion Magazine. Luck is one.

**First, do not be in a hurry.** It often takes 3 months or more for an article or parts of it to be approved and processed and go through the many steps it takes to get into this large and special magazine.

Submit detailed descriptions of service projects and fundraising activities. Why is your club doing this event? What is the event? **Make it interesting!** Tell them how much money was raised and for what purpose.

Please, include clear photographs of Lions participating in the project **but not grinning at the camera and posing.** Lions doing what they are supposed to be doing is really best. Please do not staple or write on the photo, it can ruin it for further use. Put a small sticky on the back with a number or letter that corresponds to the same number or letter on a sheet of paper that identifies the people in photograph, what is happening, and when it is happening. A CD backup of the photos is even better.

Do include the name, address, and daytime phone number of the contact person for the article.

Do not submit club anniversary's or birthdays of members or social events.

Good Luck.

Lion Linda Lopez-Wood, Editor

## PLAN NOW FOR WORLD SIGHT DAY, THURSDAY OCTOBER 14TH

In October, Lions Clubs around the world will mark Lions World Sight Day with special sight-related activities. While the official Lions World Sight Day is Thursday, October 14th, many clubs conduct community sight-related activities throughout the entire month of October.

Lions World Sight Day was created to spotlight the importance of eradicating preventable blindness and improving sight. An increasing number of Lions clubs are using this occasion to collect eyeglasses, conduct vision and diabetes screenings and plan educational programs to inform their communities about the importance of sight and diseases such as diabetes that can impact sight.

There are many resources available to the clubs through Lions International to help plan for World Sight Day.

Also, don't forget that Halloween or some time near it is a great time to collect glasses for Sight Night. You can get free door hangers, if you hurry or at least a master to make some, distribute them and say when you'll be back to pick up the old eyeglasses. People really respond to this. Take the sunglasses as well and give them to a local blind center.

Take pictures and write it up. You might be in next year's issue of The Lion regarding World Sight Day. Sometimes that is how it works.

## INTERNATIONAL PRESIDENT CLEM KUSIAK MONTHLY MESSAGE

ing the lifestyles and cultures of others, the first steps in planting the seeds of global harmony and good will.

Children who are at greatest risk, and they number in the millions, must be of special concern to Lions. Those who are homeless and whom we refer to as "street children" are, of course, obvious components of this human tragedy. But in every community in which there are children who live under conditions that call for the attention of people such as the Lions who are committed to offering the hand of care and assistance. Poverty, abuse, drugs, disease and disabilities affect chil-

dren everywhere and, although Lions, or any one group, cannot respond to all these problems, as an international organization with community roots we can respond effectively through local initiatives and cooperation with other organizations on a world scale. We are doing so in our cooperative alliance with Special Olympics, and our relationship with UNICEF in providing the "School-in-a Box" kits is addressing the education needs of youngsters whose schooling has been disrupted by wars and other incidents.

I ask that every Lions club in our association take an active

part in our new Lions Service for Children Program, which is designed to provide health and education services for youth who live in adverse circumstances. A club must first determine the crucial needs of children in its community and then put into place the resources to answer them. No matter the condition Lions choose to target, however, they must always be willing to join in partnership with organizations that have similar commitments in assisting young people.

This year, I will recognize Lions clubs that organize or ex-

## DINE AROUND 94114 SUPPORTS AEF AND BCEF

The Castro Lions Club is proud to sponsor and The Foster City Lions Club are proud to join in the support of **Dine Around** for the AIDS Emergency Fund (AEF) and Breast Cancer Emergency Fund (BCEF). These two organizations help hundreds of clients each year with direct services by paying rent, medical, prescription and utility bills directly to the vendor in one time emergency amounts and helping the client get organized with regular social service aid.

This can make a big difference between being in the dark, not having medication on time, or even being evicted because your checks were not processed yet. When you are living with such terrible problems, the last thing you need is more stress.

So please join us on **Wednesday, November 10 for Dine Around: Castro & Noe Valley and on Wednesday, November 17 for Dine Around: SOMA & Mission.** On each of these nights, participating restaurants will be donating 25 percent of each diner's bill to AEF and BCEF. For a complete list of restaurants, please visit [www.DineAroundSF.org](http://www.DineAroundSF.org).

### How you can help:

⇒ Volunteer to be "*Restaurant Ambassador*". We need volunteers to greet each diner and distribute raffle cards and donations envelopes during the dinner hours at each restaurant from approximately 5-10PM. You'll be paired up with another volunteer so that

each of you has a chance to eat dinner.

⇒ Volunteer to be a "*Restaurant Host*". We need host to invite 10 of their friends to dinner at each of the participating restaurants.

To volunteer as a Restaurant ambassador or host, please call or email Chris Morris, AIDS Emergency fund Events and Fundraising Manager at 415-558-6999 ext 3 or [chrism@aef-sf.org](mailto:chrism@aef-sf.org) and do it as soon as you can, please.

### MILLBRAE MAN AND WOMAN OF THE YEAR

October is a very busy month for some people and it seems even more so for the Millbrae Lions Club. This month they are very proud to have two of their members recognized as Man and Woman of the Year 2004 for the City of Millbrae. **Congratulations!**

The Man of the Year is the much loved and highly recognized **Lion George Habeeb**. Lion George lives his beliefs and is always nice and friendly and there with a helping hand. He exemplifies Lionism at its best.

The Woman of the Year is **Lion Randy Sahae**. A young woman devoted to the spirit of serving her community, using her talents and energy to help others and enjoying life while she does it.

### Impromptu Speech by Leo Kelby Peeler, Sept 18, 2004, Leadership Training Session

I did not have to ponder on the subject, nor did I have to observe behavior to understand the compatibility of each and every one of the people in the room. So without further ado, I would like to say that I have realized they are all leaders. The governor, I have seen, mingles his was in the crowd as if he were one of them. And to say the truth he is one of them. He is not dressed in the attire of the stereotypical governor.

We are the ants and on our views he is yet another helper who carries the pieces of the puzzle of life on his back. I no-

ticed when I first came in-- new to the atmosphere, new to the people-- I had no idea of what his title was. This, I guess, portrays him not as an individual leader who leads us, but rather he is a leader who encourages us to lead him. Leaders, I believe, must become the people; he must fuse himself within their hearts; absorb himself in their minds; and allow them to see him as a part of one united soul, the entity of our progression of carrying the pieces of life to the mound of unity and inspiration.

Before I finish, I would have to say that theses meetings--the meetings of the Lion's Club-- are a plethora of

leadership, and that is rare. Maybe not to the adult, but to a teenagers' world. I do not see it very often, so this was very inspirational.

I quote: we cannot lead with one mind, but with an army of hearts we can accomplish the deeds of compassionate gods.

### President Millie Bishop, Millbrae Lions Club

Our Millbrae Lions Club President, Millie Bishop, passed away suddenly after bravely battling cancer on Friday, September 17th, 2004. She will be buried at home in Nevada City.

She tended to her responsibilities as President as if she was fine and all was normal. Lion Millie never complained about her condition, and is the true definition of a Lion. She was the Millbrae Lions Club first woman President.

A memorial service is tentatively planned for Wednesday, September 29th, 2004, at Taylor Middle School Auditorium in

Millbrae at 6 PM. There will be a special edition of the Millbrae Lions Club Bulletin by Lion Editor Paul Larson with more information.

In the meantime, if you need more information, please call First VP, Smitty Smith at (650) 952-4776.

The picture to the right is of Lion Millie presiding over a Millbrae Lions Club Meeting.

We shall all miss her.

### CLUB OF THE MONTH—SAN MATEO LIONS CLUB

By Lion Secretary Elaine Borland

#### Baby Steps ... Learning to Serve

Under the watchful eye of district governor Ray Rosenthal, the San Mateo Lions Club is learning to serve the community. We are learning not only to serve our community, other organizations, and with our fellow Lions. Our guiding Lions Al Russell, Jim Bigelow and PDG Ray Kliewer make sure we stay on course.

In the 6 short months since our Charter, we've been involved in a number of projects. Our first project with the Red Cross provided support staff for CPR Training at a local community college. In just one month's time we collected over 60 pounds of used eyeglasses. Our eyeglass collection chairman, Lion Ken Ingram, is following in his father's footsteps as both generations performed this service for their respective clubs.

We had a class of visually impaired elementary school students attend our meeting along with their parents and teachers. After meeting these wonderful young people, the club voted to host their end of the

year party. We sent them to the San Francisco premier of "Harry Potter" with all the frills.

Their smiles along with the thank you notes in Braille warmed the hearts of all the club.

Lion Doug Borland coordinated our participation in the San Mateo Wine Walk. He collected prizes and sold raffle tickets to those walking the downtown streets of San Mateo. He was joined in this effort by Lions Clarence and Mary Cavalho and Lion Pat Hughes.

Tail Twister Grandpa Loveridge has been driven to have us make a difference for those with visual impairments. To this end, he organized a bowling tournament that benefited the Lions Eye Foundation. Ten teams,

raised the community's awareness of the Lions Club as well as a nice amount for the Foundation. Foster City Lions club took the prize for

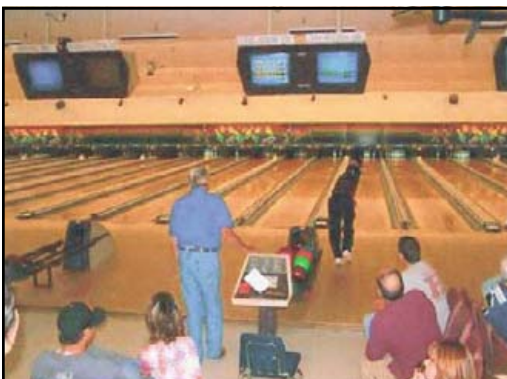

"Best Dressed". Foster City Lion President Janis Kiesel created the costumes which may be adopted as the continuing logo for the event. San Mateo fulfilled their promise by winning 1st and 2nd place. Menlo Park Host Club squeaked past San Mateo to take 3rd place. Everyone had a great

time!

When District 4-C4 offered Leadership Training, we sent a contingent to better learn our jobs. Lion Dave Johnson educated and entertained for the half day session. He mentioned the "Proud Lion/ Proud Sponsor" award during the course of the day. Secretary Elaine Bor-

land checked her notes to find that 9 members immediately qualified for the awards and a few more are more than half way there. All our officers attended the training.

Lion Cliff Cox is coordinating a garage sale. He has worked on getting donations — everything from antiques to trees. Also, he has secured radio announcements and on air interviews promoting the event. He did this at no cost to the club.

Lion Pat Hughes is our “Energizer Bunny”. Over the course of the summer, she has single-handedly collected over 2000 pounds of produce from a local Farmer’s Market and delivered it to the AIDS support agency in that county. She even made homemade bread out of some of it so it would go further.

Our Treasurer Lion John Lau was asked to help the Palo Alto Lions Club in the Annual Car Show “Concours d’Elegance”. Not only did he serve but he brought his son along with him who also served. I know this will be a lasting memory for young Mr. Lau and perhaps someday, he will also follow in his father’s footsteps and become a Lion.

At our first District Cabinet Meeting, Guiding Lion Jim Bigelow, who is also our District Chairman for Habitat for Humanity, announced the new Habitat for Humanity Project for the year — a handicapped accessible home in Brisbane. Our District Governor Ray Rosenthal asked the lions clubs of the district to join in and support this project

and we have the two other homes that have been completed. The San Mateo Club is uniquely qualified to donate the flooring for the home. We immediately pledged to provide that service in the new home.

Additionally, 3 of our members, the President Vhangeee Laurel Mesa, Lion Nick Mesa and Secretary Elaine Borland, attended USA/CANADA Forum Reno and were thrilled by how much information and learning was

offered and how well it was presented in so short a time.

We have been encouraged to visit other clubs in the district and we have managed to visit about 25% of them to date. The clubs in our district have been so very generous with us as they have shared goals, ideas, and knowledge with us.

When you are a baby, you can only hope for good parents. Being a baby club in District 4-C4, we rest assured that help, guidance and encouragement are just an email away.<>

LIONS ROSE PARADE  
 FLOAT

### Lions Float, Inc. Announces New Fellowship Program

Since 1992, Lions Clubs International (LCI) has presented a float in the New Years Day Tournament of Roses Parade, in Pasadena, California. Two entries have won awards for the most beautiful float in the parade. However, all entries have been winners promoting the service activities Lions provide on a worldwide basis.

The Tournament of Roses Parade is seen by an estimated 400 million people in 85 countries. Parade coverage and associated articles are presented worldwide in various forms of media

Lions Float Inc. is a non-profit corporation formed in 1994 to direct the preparation and funding of the annual Lions Float. This is a year-round activity involving design, fundraising, and directing volunteers in float decoration each December.

LCI has typically provided approximately half the funds required with the remainder being raised in several ways.

Lions Float Inc. now offers two new avenues by which you can provide support to this magnificent display of floral design that tells our story for all the world to see. These new ways are with a recently adopted fellowship program.

The Donald E. Banker Fellowship will be provided for a donation of \$500 US. This fellowship honors the 1991-1992 president of LCI, the year of our first Lions float. As president, he served as our goodwill ambassador, visiting more than 100 countries and telling both religious and political leaders of our Lions legacy. Additionally, PIP Banker was the first to ride a Lions Float in the 1992 parade. He has been, and continues to be, a great supporter.

The Wilt LeBlanc Fellowship will be awarded for a donation of \$250. US. Past District Governor LeBlanc was dedicated to this project and displayed great leadership skills in bringing it to fruition. He was greatly involved from its inception in 1991 until his death in 2002.

The first 100 fellowships of each category will be numbered. Each fellowship includes a beautiful plaque and a decorative lapel pin.

Providing a fellowship for yourself or another deserving person will help insure the continuation of this great advertising and public relations venture. Make checks payable to "Lions Float Inc.". Submit with the name and address of the donor and the recipient to Chuck Overbey, PDG at the address listed elsewhere in this brochure.
