## MEET REGION 2 - ZONE 1

By Zone Chair Lion Sandee Ige

Our Zone consists of 5 active, fun loving Clubs consisting of Brisbane Lions, Daly City Gateway Lions, Daly City Host Lions, SSF Golden Gate Lions and SSF Host Lions under the leadership of Region 2 Chair, Lion Mario Benevente and I am honored to be their Zone Chair.

A quick snapshot of what I observed will be following with pictures. But first, I am proud to say we started off with a "bang" and hope to keep up the momentum. We have achieved 100% President attendance, 80% Secretary attendance, 100% attendance in the 1st District Assembly, our MMR'S and MAR'S are on track and our Zone membership has decreased by 3 with an increase of 6 for a net gain of 3 with a few prospects lining up.

Please see our District Directory for times, location of Club meetings in the Northern Section of the beautiful Peninsula. And now the pictorial scenes that show our members in work and play. (continued pg 4)

## FREE HEALTH CLINIC at KOREAN DAY FESTIVAL

SF Korean American Lions Club held a Free Health Clinic on Sep.12,2009 at Union Square in San Francisco as a part of Korean Day Festival. SF KoAm Lions Club has been doing this service annually for more than 10 years. Lion Dr. Lieu, Lion Dr. Seo, Lion Dr. Choe and Lion Dr. Jin of our club and 6 UCSF Students examined around 130 patients this year.

## The Origin of White Cane Days

"The greatest assistance which can be rendered to a blind person," proclaimed an article in THE Lion in a 1927 issue, "is to make him find his way to a fitting employment, thus making him self-respecting and self-supporting." The involvement of Lions in sight-related activities did, indeed, move forward with increasing speed after Helen Keller's famous challenge for Lions to be "Knights of the blind."

During George A. Bonham's term as president of the Peoria, Illinois, Lions Club in 1930, he witnessed a problem. Soon after, he devised a solution. (Continued, page 5)

## FROM THE DISTRICT GOVERNOR

### "What Do Lions Do?"

Summer has ended and now our "summer-like" weather is settling in. Many of our clubs have left the indoors to have their club picnics and also work at outdoor events. Fellowship and social activities are very valuable for Lions. Members and families are reconnected after summer breaks and vacations. It's also a great opportunity to introduce and get acquainted with newer members. More importantly, many clubs are performing their first community projects of the season. Club projects are the lifeblood of our association. It could be a building repair or a clean-up project or helping at a community event by barbecuing hotdogs, hamburgers or tri-tip sandwiches. What's most important is that we Lions get out there. And we do, year in and year out.

However, how many times have you been asked "What do Lions do?" Most times, when asked, we seem puzzled that there are actually people who don't know who we are. The reality is that there are a vast amount of individuals who have only a vague idea of what the world's largest service organization is all about. At times, the public connects Lions with eyeglass collection. Many also link Lions with cooking – pancake breakfasts, barbecued hotdogs and crab feeds. This is all well and good because it is true. But of course, it doesn't come close to the whole story. It's up to us to tell the "story."

It's up to each member to prepare themselves for that probing question "What do Lions do?"

The Lions motto, "We Serve," only scratches the surface of our commitment and purpose. Our Mission Statement goes a little further in explaining our goals. However, it is the Lions Objects and Code of Ethics that strongly and

succinctly outline the attributes of being a Lion. It is the backbone of our organization - the guidelines that form the path that we follow to establish our goals towards growth and accomplishment. The underlying theme of the Objects and Code is the binding together of all for a common good – volunteerism and unselfishness towards those in need.

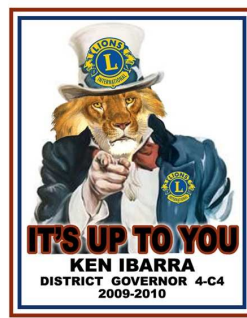

The District motto for this year is "It's Up to You." Coupled with our own traditional motto and the guidelines of the Objects and Code, we can all determine our own purpose in Lions.

No, I do not expect nor anticipate leaps and bounds of Lions commitment. All that I am asking is a renewed awareness of who you are in our association. The proverbial "look in the mirror" and state "It's Up to You." Ask yourself "How can I be a better Lion?" Challenge yourself to do a little more than you've done before. Remind yourself of your commitment to Lionism by periodically reviewing the Lions Code and Objects.

I am very proud to be a Lion and am fully prepared to answer the question "What do Lions do?" I am also prepared to answer the question "Who are Lions?" Hopefully you will have the opportunity of a new or prospective member asking you the same question.

Ironically, while it's important to know who you are and what you do, the main focus is your purpose. **Helen Keller** said it quite clearly, **"Many persons have a wrong idea of what constitutes true happiness. It is not attained through self-gratification, but through fidelity to a worthy purpose."**

*With Love  
and Service,  
DG Ken*

## FROM THE 1st VICE DISTRICT GOVERNOR

Hello Fellow Lions

We still need help with our Extension Workshop. The workshop is going to be held on Saturday, October 10, 11 and 12th. Saturday will be a half day of class room lessons taught by PDG Carl Burson,

The remainder of the Workshop will be out in the "Field" starting two new clubs. Please let me know that you want to join us. I will be in Memphis later this week (Lions business) Hope to hear from you soon.

Lion Mike Simonini

Excerpts from DG Ken's Letter:

Dear Fellow Lions:

In 1983, my stepmother lost her fight against breast cancer. Janice Ibarra was a 42 year old single mother raising four children. She fought for three years and never once complained about the pain and unfairness that this insidious disease brought into her life.

Walk for Hope is a national breast cancer walk series that raises millions of dollars in support of breast cancer research, treatment and education programs at City of Hope. Walk for Hope is about action. It is a statement from our community that no one will ever fight this disease alone.

Walk with the 4C4 and 4C6 Lions team on October 3rd. For more information click this [LINK](#). If you can't walk, help support the walk by donating to Team Sponsors Lion Yvonne Kantola, Lion Sandee Ige or First Lady Amy Fink. Together, we are helping the important research, education and treatment programs that are essential in the fight against this disease! You can make a difference, It's up to you. Lion DG Ken

## **MEET REGION 2 ZONE 1**

*Continued from page 1*

Brisbane had their annual 5k/10k walk/run and a British Car meet at Sierra Point on the 13th of Sep. The members cooked hamburgers, hot dogs, polish and tri-tip sandwiches.

Daly City Gateway had a booth at the DC Flea Market at Doelger Center from 8am-3pm on the 13th also. Also participating with a booth is Daly City Host.

Daly City Host had their Pasta Bingo Night at Doelger Cafe in Westlake Park. I believe Pasta Bingo speaks for itself and of course, Lady Amy won the 7th bingo game.

SSF Golden Gate also on the 13th at Coyote Point hosted a members, families and friends picnic. There

**Daly City Gateway**

was so much food with adobo, pancit, rice, fish, several salads, lumpia, bbq chicken and an assortment of desserts.

But the creme de creme was a full size pig or lechon.

DELICIOUS! The fun part was played by women first and then the men. Tied around their waist with string and dangling at the end was an eggplant. The

object of the game is to hit an empty soda can with the eggplant across the finish line. It was so much fun for both players and audience. I had tears running down my cheek from laughing so hard and had to be excused to run to the facilities.

**SSF Golden Gate Picnic**

SSF Host. Unfortunately, our "Day in the Park" fundraiser is this Sat. With the deadline for turning in articles on the 18th, we had to forego pictures. You can expect some great pictures from our District Co-Photographer, Lion Theresa Garcia soon. We will be selling tri-tip sandwiches partnering with the Kiwanis that day. Stop by and say hi!

## The Origin of White Cane Days

*Continued from Page 1*

Bonham watched a blind man trying to cross a street, left helpless as traffic whirled about him. Futilely tapping his black cane on the pavement, the man was isolated in the center of drivers who did not understand his handicap.

Bonham pored over the problem. Suddenly he had the answer. Paint the cane white and put a wide band of red around it. When the blind person crosses the street let him extend it so that everyone can see and be aware of his blindness. George Bonham presented the idea to the Peoria Lions Club and the members voted unanimously in favor of it. Canes were painted and given to the blind in the city. The Peoria City Council passed an ordinance giving the right-of-way to a blind person using a white cane.

The 1931 International Convention in Toronto, Ontario, Canada, saw the introduction of a resolution describing the Peoria Club's white cane program. It read in part: "The adoption of this plan is recommended to our clubs as part of our major activity, Blind Work. Full information as to this plan, including copies of the ordinances which have been adopted, may be obtained through our activities department." By 1956, every state in the United States had passed White Cane Safety Laws giving any person using a white cane the right-of-way at crossings. These laws include protection for blind individuals who travel with dog guides, as well.

An offshoot of these mobility devices has been that many Lions clubs use miniature white canes as part of fundraising programs for the visually disabled. A lapel pin in the form of a white cane is given to each contributor.

In 1964, President Lyndon Johnson issued a proclamation that marked the climax of the campaign by the blind to gain endorsement of their rights as pedestrians. With Johnson's proclamation, the white cane became officially recognized.

"A white cane in our society has become one of the symbols of a blind person's ability to come and go on his own. Its use has promoted courtesy and opportunity for the mobility for the blind on our streets and highways. To make the American people more fully aware of the meaning of the white cane, and of the need for motorists to exercise special care for the blind persons who carry it, Congress, by a joint resolution approved October 6, 1964, authorized the President to proclaim October 15, 1964, as White Cane Safety Day."

## REGION 3 - ZONE 1

A couple recommendations from my  
Zone Presidents:

1. Reminder to Clubs to call in advance of visitations. Some Clubs use caterers and need to give head count.
2. Share your meeting program. If possible, Clubs should share the topic of their meeting program. This information may increase visitations or may simply be of interest to others.

## SUNSHINE REPORT:

Our best wishes to San Carlos Lion Beef Contos, who had rotator cuff surgery one month ago and is still recuperating. Their address is 2105 Ward Way Woodside, Ca 94062-1147

Wishing speedy recover to San Bruno 1st Vice President Lion Tom Lara on his recent foot surgery.

Menlo Park Host Lion Jim Bigelow reports feeling much better after his recent aortic valve replacement surgery, in fact, healthy enough to resume Secretary/Treasurer activities from home. He's walking 3 miles per day but not able to drive his car yet. But hopefully he'll be at meetings soon!
