## DISTRICT GOVERNOR MESSAGE

Warmest greetings to all my fellow Lions, families, friends and everyone:

I hope that you are all doing well, feeling happy, and in good health with your families and loved ones.

First of all, I would like to express my sincerest thanks and appreciations to everyone for your kind support, assistance and participation during our District 4-C4 District Governor and Cabinet Installation for year 2019-2020, last July 26, 2019 evening at the Marriott Hotel San Francisco Airport, San Mateo. I would like to extend my special thanks and

appreciations to our LCI International President, Dr. Jung Yul-Choi and Mrs. Choi,

for visiting and as our Installation Officer. My deepest thanks and appreciations to our CA. State Senator Jerry Hill and San Mateo County Board of Supervisor David Canepa for their support and participation during our Installation event. My heartfelt thanks and appreciations to the Installation Committee led by Chair, Lion Yolanda Cayabyab and all the committee members, for their utmost support, perseverance and hard work in making the Installation event a

very successful one. To everyone, thank you very much for doing a great job. I love you all.

As Lions, we love to serve other people, find joy and happiness in serving the less fortunate and disadvan-

taged individuals and families, and make a difference in someone's life. As dedicated and loyal Lions, we are passionate to serve others and take the pride of being a part of the largest humanitarian volunteer services in the world. Our famous Lion leader, Helen Keller had advocated that "Alone we can do so little but together we can do so much". Our District 4-C4 had evolved and grown through the years of Lions services through the collaborative efforts, dedications and loyalty to Lionism of all the Lions Leaders and Members throughout the years of services. As of today, our District has 54 Lions Clubs and 1,552 Members. Globally, after 100 years of operation, Lions Clubs International had expanded to 215 Countries and almost 1.5 Memberships, providing the much needed humanitarian volunteer service to the needy.

In order to align with the International Lions Clubs goals, our District 4-C4 goals for the year 2019-2020 includes the following: to improve our Memberships - thru recruitment of new members, retain current members, Charter new Clubs and Specialty Clubs; improve Leaderships Skills - thru provisions of Leadership Training to all Club Presidents, Vice Presidents, Secretaries, and all Officers, participate to MD 4 Leadership Institute Training, LCI Advance Leadership Lions

Institute (ALLI) Training, USA-Canada Forum Leadership Training and MyLCI or My Lions- on-line classes and training; improve Services - thru implementations of appropriate services to the needy individuals and families here locally and in abroad by the different Lions Clubs; and request a "match up grant request" of funds from the LCI, in order to expand the Lions Clubs projects and services to the communities; and improve Lions Club International Foundation (LCIF) - with our Goal of \$50,000 to \$75,000 thru campaign 100 of all Clubs, and help make a generous donations to the LCIF.

As the District Governor, I would like to continue collaborate and partner with all the Lions Clubs in providing humanitarian volunteer services to the needy. Every Lion is important and contributes towards the improvement of our services and

**2nd Vice District  
Governor Message**

Every year, the Lions Clubs of District 4-C4 gives youths from across the globe the opportunity to experience life here in the Bay Area. Through the program, we aim to create and foster a spirit of understanding among the people of the world, introduce our youth to young people and adults of other countries, and share family and community life of another culture. Our Lions volunteers and their families and friends welcome students from across the globe into their homes, their lives, and their hearts. This morning we undertook the bittersweet task of bidding farewell to the three Japanese youth exchange students, Maaya, Shun and Ayanna who were hosted in our district together with seven others who were hosted in neighboring districts of northern California. This was also a goodbye to another ten Japanese students who were hosted at southern California, embarking on their journey back home to from LAX. In total, twenty Japanese youth exchange students are now bound to Japan after two weeks living in "The Golden State". As with the nature of this program, the journey goes both ways. A few days before our Japanese students arrived in California eager to begin their ure, nine California youth exchange students, including our very own Leo Lion Paul of SF Fil-am, arrived back home (via LAX and SFO respectively) from their three-week experience of cultural immersion in Japan. Last month, the California Lions hosted nine European youth exchange students while

we sent four California students to Europe. Summer time has busiest weeks of the year for the Youth Exchange Program because this is when we exchange students to and from Japan and Europe. This is the most convenient time for the youth, since they are free from their school activities. This is also why the MD4 YEP Committee members term of office ends on August 31 instead of June 30 for most MD4- endorsed programs. The California Lions usually host twenty Japanese and twenty European students while we send as many as twenty students to Japan and twenty students to Europe every summer.

However, the number of students being hosted has been decreasing throughout the years due to the lack of necessary resources involved in the youth exchange programs, especially regarding the recruitment of host families. Similarly, the number of California students travelling overseas is dwindling for reasons of financial cost. Unfortunately, these problems are not endemic, as they are encountered all over the YEP-participating countries. The ideal youth exchange program would have a bountiful supply of host families willing and eager to host exchange students throughout the entire period of the program (three to four weeks), while essentially responsible for all matters of lodging, food, and activities to the students. This scenario requires incredible time and effort sacrificed by the host family, which is exactly the reason why it is so difficult to find host families. This is always the main topic discussed during the youth exchange symposium forum taking place during International Conventions.

Thus, we cannot keep this program moving forward without it being addressed. Five years ago, I was appointed as District YEP Chair and the following year was appointed as the MD4 YEP Committee member for area 2. At that time our district YEP was dormant but had been active several years back. The reason for its demise is simple: cost. It costs a great deal of resources: money, time, effort, energy. Thereby, lions who used to be active in the

program get burned out. The key district YEP innovations we have introduced are shared responsibility and structured program. Simply put, shared responsibility means joint venturing among lions clubs. This includes actions such as splitting the length of time of hosting, dividing lodging and day activities, and pooling various resources. One can see that this definitely lightens the burden of family hosting, but we like to think of it as "sharing the fun and enjoyment of having a cultural exchange". A lion with a vacant room can provide lodging, a lion who has free time can be the day activity volunteer, while other lions can offer what they can as well, such as hosting a dinner or activity or providing their vehicle or snacks. The YEP then becomes a multi-club activity involving the whole district and in doing so, promotes multi-club cooperation and camaraderie. Structured program requires a specific activity or set of activities for each day with specific lion volunteers. This goes hand and hand with shared responsibility, and emphasizes organization and commit-

These innovations we initiated in our district is the answer to YEP's problem of finding host families. The program was successful. The dormant district YEP becomes one of the most active YEP in the whole MD4! The innovations were introduced to other districts as well as presented during the MD4 Convention led by myself who is the MD4 YEP General Chair for LY 2018-2019 together with other MD4 YEP Committee members.

The district YEP committee for LY 2018-2019 is composed of co-chairs PDG Macy Mak Chan of SF Chinatown LC, Lion Rufo Macaraeg of SF Fil-Am LC, Lion Rodger Cayabyab of SF Host LC and myself, 2VDG Dr. Jun Valera, of SF Fil-Am LC as the chair. The success of our district YEP is due to the passion and commitment of lions and non-lions volunteers as well as the support of multiple clubs and the leadership of District 4-C4.

The Youth Exchange Program of the Lions Clubs International started in California in 1961 when a Lions Club in Sacramento exchanged students with Lions Club in Japan as a cultural exchange. The program was so successful that was adopted by the Lions Clubs International and the rest is history.

### Editor's Minutes..

I am honored and excited to serve my sixth District Governor as your District

Newsletter Editor. This year, I have a Co-Chair in past PCL President, Rudy Pedagat. I look forward to working with Lion Rudy to produce a good newsletter for us. As I was asked to do this role shortly before the Cabinet meeting, we didn't have our normal set up time in July. Our future issues will be out by the 5th of the Month.

## Lions Code of Ethics & Objectives

### Ethics

TO SHOW my faith in the worthiness of my vocation by industrious application to the end that I may merit a reputation for quality of service.

TO SEEK success and to demand all fair remuneration or profit as my just due, but to accept no profit or success at the price of my own self respect lost because of unfair advantage taken or because of questionable acts on my part.

TO REMEMBER that in building up my business it is not necessary to tear down another's; to be loyal to my clients or customer and true to myself.

WHENEVER a doubt arises as to the right or ethics of my positions or actions towards my fellow man, to resolve such doubt against myself.

TO HOLD friendship as an end and not as a means. To hold that true friendship exists not on account of the service performed by one another, but that true friendship demands nothing but accepts service in the spirit in which it is given.

ALWAYS bear in mind my obligations as a citizen to my nation, my state and my community, and to give them my unswerving loyalty in word, act and deed. To give them freely of my time, labor and means.

TO AID my fellow men by giving my sympathy to those in distress, my aid to the weak and my substance to the needy.

TO BE CAREFUL with my criticism and liberal with my praise, to build up and not to destroy.

### Objectives

TO CREATE and foster a spirit of understanding among the peoples of the world.

TO TAKE an active interest in the civic, cultural, social and moral welfare of the community.

TO UNITE the choice in the bonds of friendship, good fellowship and mutual understanding.

TO PROVIDE a forum for the open discussion of all matters of public interest; provided, however, that partisan politics and sectarian religion shall not be debated by club members.

TO ENCOURAGE service-minded people to serve their community without personal financial rewards, and to encourage efficiency and promote high ethical standards in commerce, industry, professions, public works and private endeavors.
