Lions Objectives

To create and foster a sprit of understanding among the peoples of the world.

To promote the principle of good government and good citizenship.

To promote an active interest in the civic, cultural, social and moral welfare of the community.

To provide a forum for the open discussion of all matters of public interest; provided, however that partisan politics and secretarian religion shall not be debated by club members.

To encourage service-minded people to serve their community without personal financial reward, and to encourage efficiency and promote high ethical standards in commerce, industry, professions, public works and private endeavors

Lions Code of Ethics

To show my faith in the worthiness of my vocation by industrious application to the end that I may merit a reputation for quality of service.

To seek success and to demand all fair remuneration or profit as my just due, but to accept no profit or success at the price of my own self-respect lost because of unfair advantage taken or because of questionable acts on my part.

To remember that in building up my business it is not necessary to tear down another's; to be loyal to my clients or customers and true to myself.

Whenever a doubt arises as to the right or ethics of my position or action towards others, to resolve such doubts against myself.

To hold friendship as an end and not a means. To hold that true friendship exists not on account of the service performed by one another, but that true friend demands nothing but accepts service in the spirit in which it is given.

Always to bear in mind my obligations as a citizen to my nation, my state, and my community, as to give them my unswerving loyalty in work, act and deed. To give them freely of my time, labor and means.

To aid others by giving my sympathy to those in distress, my aid to the weak and my substance to the needy.

To be careful with my criticism and liberal with my praise; to build up and not destroy.
