

SF UNIFIED LIONS CLUB MISSION STATEMENT:

To empower volunteers to serve our communities, work to meet the humanitarian needs of the community, to be forward thinking in our global approach to community service as a Lion.

PRESIDENT'S MESSAGE

Dear Fellow Lions:

We have gone through another unprecedented year. I want to thank all our members for your valuable time and dedication to our Lions club and your commitment to serving our communities. It was nice to see various members participating in projects they enjoy. I am proud of what we accomplished so far and excited for future service projects. Lion Jenny, our Service Chair has done an excellent job organizing and reporting our service project on MyLCI.

As we end the first half of our Lions year with highlights of our successful service projects, it's also time to start envisioning what we want our club to look like in 2022 and beyond. Our work, home and community life have changed in a way we are all learning how best to enjoy life, fellowship with other Lions and volunteer to support our communities, while being safe. San Francisco has had a strict ordinance on how we can serve, it didn't stop us in 2021, let's not let that hold us back in our strategic planning for the future. Let's find new ways to serve safely and effectively to make a larger impact in 2022, our community needs our support.

"We Serve With Passion!"

Happy New Year! May your new year be filled with joy and kindness in 2022.

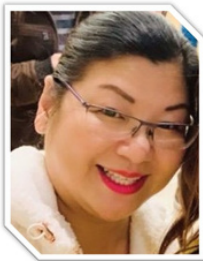

With gratitude,
Lion President Carol
